Dear partners,

At HU University of Applied Sciences we offer two international exchange programmes dealing specifically with Europe and the European Union.

In September 2018 our honours programme in European journalism, **Europe in the World**, starts. This is an advanced programme which runs a year (60EC). The first semester is in Utrecht, the second semester is based in Aarhus, Denmark, but students also travel through Europe as reporters.

For [Europe in the World](#) students in journalism or media studies need to have finished their basic training. The programme has two internetbased publications, that are frequently referenced by other media and have a high standard. Which also makes this programme an ideal stepping stone for an international career. The programme also offers an additional honours certificate.

Please check our HU exchange page for more details. <https://www.international.hu.nl/Study-programmes/Exchange-programmes/Course-offer-fall/Europe-in-the-World>.

We have a 1 April deadline for the pre-selection procedure. When students are admitted by the Journalism department they can start their registration at HU until 1 May. The application procedure can also be found via the link above. If you have difficulty making the 1 April deadline, please contact barbara.geers@hu.nl.

We have a semester programme in Spring 2019 called **European Culture and European Journalism**. This 30 EC programme deals with all aspects of Europe and European culture in the context of media and journalism. Writing about Europe as junior journalists is part of the programme. It is open to all students in journalism and to communication and media studies students with some journalism experience and ambition. The official deadline for application is 1 November, but students can already apply via our application procedure. Please check our HU exchange page for more details: <https://www.international.hu.nl/Study-programmes/Exchange-programmes/Course-offer-spring/European-Culture-and-European-Journalism>.

Warm regards,
